TO WHOMSOEVER IT MAY CONCERN

We have installed Kitec Composite Pipes in our factory for Compressed air supply lines. It is almost 4 (Four) years since Kitec Pipes have been in use and we are extremely satisfied with the overall performance of these pipes. The ease of installation has helped us in saving the labour cost as our own technicians are doing the installations and changes as and when required.

We strongly advocate the use of Kitec Composite Pipes.

With best regards

For, Shashi Sidnal Foods Pvt., Ltd.
