Dated : 5<sup>th</sup> May. 2001

TO WHOM SOEVER IT MAY CONCERN

Sub: Utility & Performance of Flexible Armoured PVC Pipes

The above Pipes supplied by M/s Kitec Industries India Ltd., Mumbai were used on experimental basis by Jodhpur Project area at various OFC Stations/Exchanges. The Pipes provided efficient protection to OF cable at the leading in ends which were otherwise severely fault prone. Its utilization in man holes and joint pits is also being considered to provide additional protection to OF cable at these weak points.
