TO WHOME SO IT MAY CONCERN

This is to certify that we have used Kitec Pipes & Fittings in our project called Husseni Tower in Mumbai for conceal plumbing for our residential projects. We have used Kitec Pipes & Fittings for Hot & Cold water supply for domestic use. We are very much satisfied with this innovative piping systems. While using this product we found there is lots of advantages as compared to G.I.Pipes, that is Fast work, no wastage totally no corrosive , cost saving & etc.Hence we would highly recommended the usage of his plumbing systems to all those who are constenly on the look for better process & materials for the building construction.

Thanking You.

Yours Faithfully,
