TO WHOMSOEVER IT MAY CONCERN

This is to certify that we have thoroughly examined, tested and finally put to use KiTEC pipes and fittings. Further we would like to confirm that the KiTEC system represents a quantum leap in terms of technology, speed of work, adaptability, flexibility of rework, negligible wastage and minimal incidental work involved. Hence we would highly recommend the usage of this plumbing system to all those who are constantly on the lookout for better processes and materials for building construction.
