Kind Attn.: Mr.S. Shankaran

Sub : Toilet Plumbing / Piping

Dear Sir:

M/s Avis Industries representing M/s. Kitec Industries (India) Ltd. Are manufacturing composite pipe made out of H.D.P.E. and aluminium especially for Hot and Cold water for Bathrooms, Toilets, Kitchens etc. in the buildings.

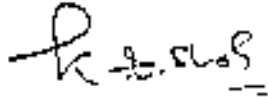

We have gone thru their specifications of the product and find them extremely good. They could be used in township buildings wherever required as tie installation is very fast and no anti-corrosive treatment is required. They claim to be very competitive with G.I. . 'C' class pipes.

We recommend the use of this product if the price found competitive.

Thanking you,

Yours faithfully

FOR SMPS ENGINEERS & CONSULTANTS (BOM) PVT. LTD.

(K.A. Shah)  
C.C. Mr. Col. Jhadav.
